WHAT OTHERS ARE SAYING ABOUT CHRISTIAN BEACH...

"In a world filled with emo whining and bland hip hop, it's refreshing to find someone who stands on tradition without a fashion-oriented crutch. Christian Beach definitely fits this description in a big way."

-The Aquarian Weekly

"Few singers sound better in person than on well produced recordings. Christian is one of them."

-Colie Brice
(AsburyMusician.com/Aeria Records)

"Christian Beach has an amazing technique and I really love his music. Refreshing and real!"

-Pete Levin (classical pianist and brother of bassist Tony Levin)

"I love your vocals and arrangements — keep up the great work."

-Garth Hudson (The Band)
